

Oregon White Oak Woodlands: Planning Priority in the Columbia River Gorge National Scenic Area

March 11, 2025

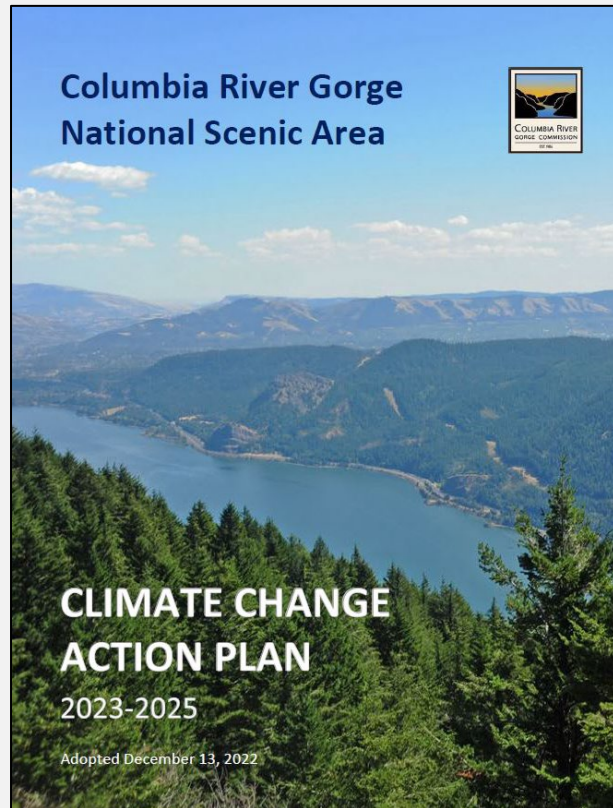

Oregon White Oak Woodlands: Commission Priority

Priority Habitat in Management Plan

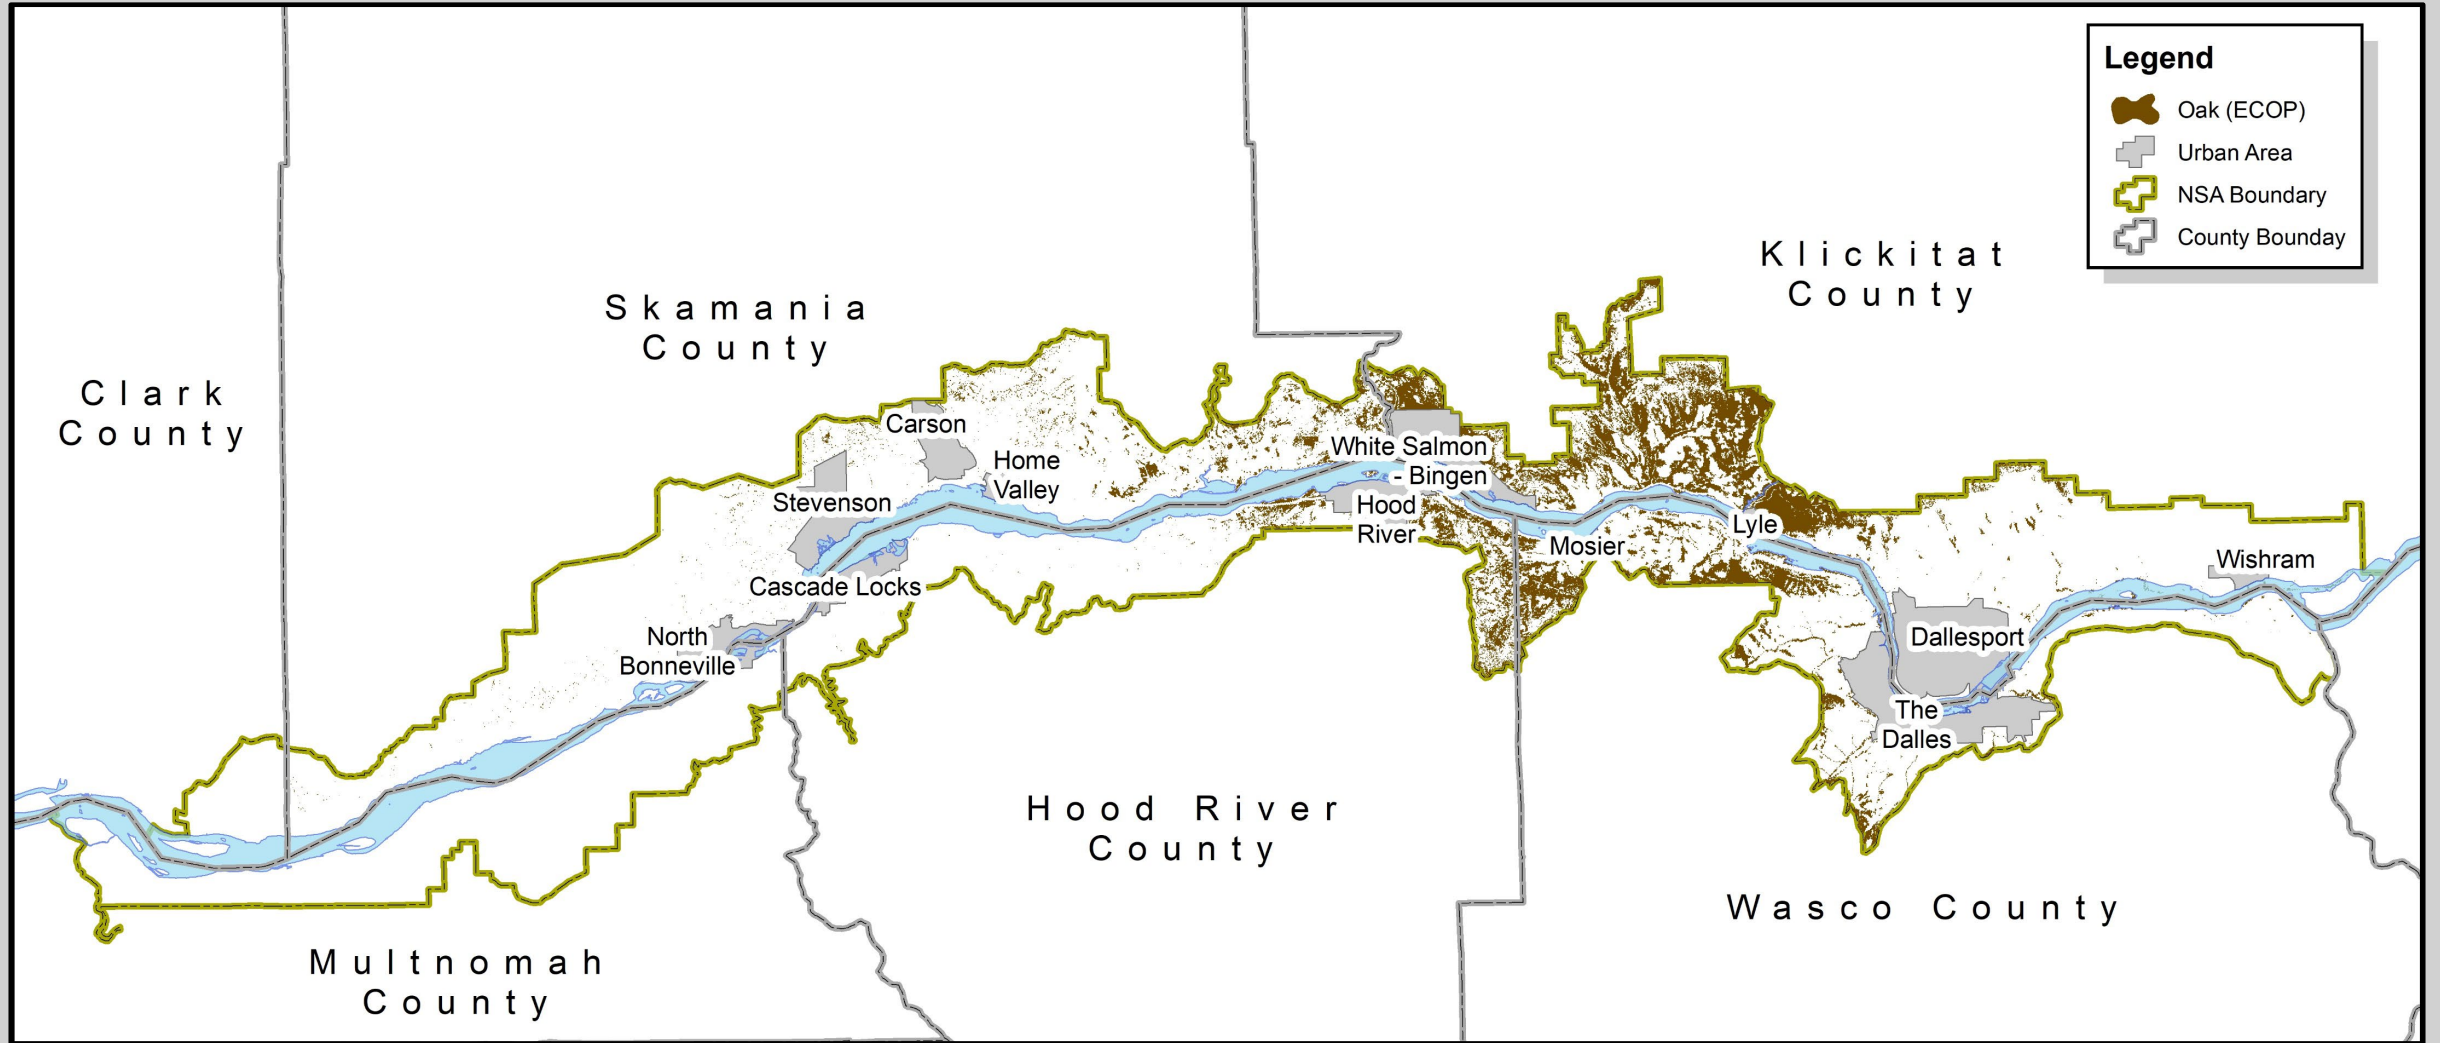

Priority in Climate Change Action Plan

Vital Sign in VSI Monitoring Program

Map of Oregon White Oak Woodlands in the National Scenic Area

Advancing Work on Oak Climate Change Action Plan Goal

Goal: Oak habitat maps and policy options by 2025

Key Actions:

- Draft oak needs assessment to inform potential implementation guidance and oak policy and management approaches
- Refined oak map for VSI reporting

Next Step: Share summary of draft oak needs assessment with Commission later this spring
